

Electrical Pipe Threading Machine

This machine is used for threading various types of tubing to BS 1387 ranging from 1/2" to 4" diameter

Tech Sheet
10159

- Induction Motor 240 Volt, 50 Hz, 750 W, 65 Amp
- Spindle speed 22 RPM
- Chuck capacity 125 diameter
- Automatic oil circulation by means of a geared pump
- Net weight 138kgs
- 1/2"-3/4", 1"-2" & 2.1/2"-4" Dies supplied. To cut BSPT threads.
