

# Hose Reels

## Mountable Stainless Steel Hose Reels

- All stainless steel 304 spring rewind hose reels are designed for harsh, corrosive environments or where hygiene is of primary importance.
  - Ideally suited for wash down applications in food processing, also for marine and offshore application.
  - All stainless steel swivel assemblies with PTFE washer and viton O-ring for high pressure and high temperature.
  - Spring fully enclosed and lubricated.
  - Guide arm adjustable for handling up to 6 positions
  - Multi-position ratchet lock keeps hose at desired length.
- Other configurations available on request.**
