

Hose Clamps

• Mikalor Clamps: The Mikalor brand has been synonymous with the highest quality heavy duty clamps since the origins of the group. Precision engineered in Spain to DIN 3017, Mikalor clamps are manufactured under the following quality systems: ISO 9001, ISO 14001 & ISO TS 16949.

Mikalor Super & Supra Clamps

The reference heavy duty hose clamp for agricultural, irrigation mining & industrial hose applications. The Mikalor Super clamp was the first of its kind on the market and is still going strong.

Materials:

Band: Mild steel yellow zinc plate chromate & passivated.

T-Bolt: 8.8 steel yellow zinc plate chromate & passivated.

The world's favourite heavy duty clamp. The revolutionary patented design of the Supra clamp makes it the strongest on the market and the unique swivelling bridge means that Supra can be mounted in the most difficult applications. Where reliability, strength, high torque and superlative hydraulic performance are needed, industry professionals ask for Supra by name. Available in W2 and in W4 material qualities.

Supra W2 Materials:

Band: AISI 430 Stainless steel
Bolt: Steel Cr3 white zinc plated (Chrome 6 free)
