

## Pneumatic Power Tools

**AEROPRO**  
ENGINEERED FOR PROFESSIONALS

### Straight Grip Reversible Drill

- For applications where a compact and low profile tool is required
- Precision machined gearing ensures maximum power transfer and durability
- Lightweight - helps prevent fatigue during prolonged use
- Ideal for drilling into confined spaces
- Recommended air pressure 90 psi

Tech Sheet

### Air Impact Hammer

- Ergonomic grip for comfort and stability
  - Heat treated impact parts for enhanced durability
  - Positive action trigger and built-in air regulator for simple power and speed control
  - Screened filter air inlet to keep dirt and debris from damaging the tool
  - Standard quick-change spring for speed and ease of chisel change
  - Front exhaust
  - Recommended air pressure 90 psi
- 4 Piece chisel set included.**

### Pistol Grip Reversible Drill

- Suited to compact low profile applications
- Variable speed throttle for easy starts
- Precision machined gearing ensures maximum power transfer and durability
- Convenient one hand push button (forward/reverse)
- Lightweight - helps avoid fatigue during prolonged use
- Quiet operation with rear exhaust, which directs air away from workplace
- Ball bearing construction
- Recommended air pressure 90 psi
