

Air Tools

Section 17 - Air Tools

Impact Wrenches

Tech Sheet 3071

Features:

- DYNA-PACT oil bath clutch
- One handed push button forward/reverse with 4 positive power settings
- Full power in reverse
- Compact & ergonomic with rubber handle

Benefits:

- Clutch delivers smooth operation & extreme durability
- Versatile & powerful tool ideal for all general repairs & maintenance applications

1/2" Super Duty

0219

CP734H

193.20

Tech Sheet 3072

Features:

- Patented spring hammer clutch
- Low air consumption & high torque
- Ergonomic trigger & handle

Benefits:

- Operator comfort with new ergonomic grip & progressive trigger
- Best power/weight/speed ratio in its class
- Ideal for general automotive service, tyre & body shops, farm & light truck work

1/2" Heavy Duty

0219

CP7733

196.60

Drills

Tech Sheet 3073

Features:

- 1/4" (6mm) mini compact drill
- Ergonomic grip & lightweight, only 1.35lbs (0.61kg)
- Progressive throttle
- Non-reversible drill fast at 2800rpm
- Planetary gearing with brass bushings for low wear & long life
- Adjustable exhaust
- Industrial quality Jacob's chuck

Benefits:

- Fast, efficient & great for tight areas with its size
- Excellent precision to allow for very slow start up & control throughout the drilling process
- Excellent for drilling, honing, reaming & hole sawing

1/4" Mini Compact

0219

CP7300

144.85

Tech Sheet 3074

Features:

- Compact low profile head to get into confined spaces
- Reverse valve for easy directional change
- High performance gearing for extended durability

Benefits:

- Compact angle head drill
- Operator control from start up through run down
- Ideal for drilling & screw driving in confined areas

3/8" Angle Drill

0219

CP879

165.05

Tech Sheet 3075

Features:

- High performance Jacob's chuck
- Built in regulator for efficient control

Benefits:

- Powerful & fast
- Durability & productivity
- Perfect tool for vertical drilling & to reach confined areas

3/8" In-line Drill

0219

CP887

121.30

Tech Sheet 3076

Features:

- Fast & efficient at 2900rpm
- Industrial quality Jacob's chuck
- Ergonomic grip

Benefits:

- Productivity & durability
- Maximize operator comfort
- Power suitable for many applications

3/8" Heavy Duty Pistol Drill

0219

CP9285

141.30

Tech Sheet 3077

Features:

- Industrial quality Jacob's chuck
- Low speed & high torque: 9.14ft-lbs (12.4Nm)
- Ergonomic grip & side handle
- Handle exhaust

Benefits:

- Accommodates larger drill bits
- Powerful & resistant to stalls
- Ideal tool for large hole drilling

1/2" Heavy Duty Pistol Drill

0219

CP9789

201.80
