

Nylon Tubing

Section 5 – KELM™ Pneumatics

Imperial Flexible Nylon Tubing, (to BS5409)

Tube is not suitable for use with water or in high humidity environments.

Standard Coil Length: 30 Metres
(other colours and lengths available on request).

- U.V. Stable
- Silicone Free

Manufactured from top quality crystal clear "virgin" Nylon compound. This hose is ideal for factory airlines, fluid systems and many industrial applications. The hose is resistant to a wide range of chemicals (please consult our Business Development Team for further details).
