

# Unidirectional Knife Gate Valves

HUK valves

Page Tech Sheet 10246

Section 7 – Valves

## Manual Handwheel Knife Gate Valves

**Technical Data:**  
 Designed to handle water & abrasive slurries.  
 Suitable for industries such as:  
 Mining, power, chemical & waste water treatment plants.  
 Connectors are PN10 flanges.  
 Please contact our technical department if you require other options.

**Maximum Working Pressure:**  
 2" to 10" = 10 bar  
 12" = 6 bar

Cast Iron Body

0030	mm	£
KGVCIM50	50	328.65
KGVCIM65	65	337.40
KGVCIM80	80	371.20
KGVCIM100	100	386.60
KGVCIM125	125	459.70
KGVCIM150	150	520.60
KGVCIM200	200	772.55
KGVCIM250	250	1040.15
KGVCIM300	300	1349.00

## Pneumatic Double Acting Knife Gate Valves

**Technical Data:**  
 Designed to handle water & abrasive slurries.  
 Suitable for industries such as:  
 Mining, power, chemical & waste water treatment plants.  
 Connections are PN10 flanges.  
 Please contact our technical department if you require other options.

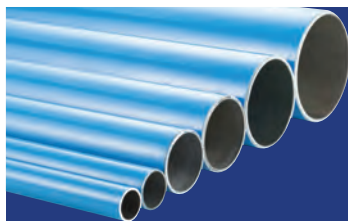

**Maximum Working Pressure:**  
 2" to 10" = 10 bar  
 12" = 6 bar

Cast Iron Body

0030	mm	£
KGVCIP50	50	528.20
KGVCIP65	65	575.90
KGVCIP80	80	699.75
KGVCIP100	100	704.75
KGVCIP125	125	842.95
KGVCIP150	150	1047.10
KGVCIP200	200	1394.40
KGVCIP250	250	1980.60
KGVCIP300	300	2636.70

## The Full Performance Compressed Air Pipe System
